2022

***Recover • Rebuild • Reconnect***

# From our Board Chair and Executive Director

**The past year** has been, in many ways, very gratifying. As the Neighborhood Network continues to recover from the effects of the pandemic, a spirit of determination has grown among us:

- A determination to build on the programs offered to our clients in a way that will add to our efforts to rebuild our neighborhoods;
- A determination to examine what new programs we can offer to better serve the community;
- A determination to explore working with other agencies to broaden the goals we have set and better achieve them;
- A determination to assist those who come to us with little, to build a life about which they have only been able to dream.

This effort to recover has permitted us to reconnect with our many volunteers with whom we work, the volunteers who give so freely of their precious time and talents to aid the people we serve.

This, in turn, enabled us to reconnect with our clients in ways that were prohibited during the pandemic. Our mission is not one that can prosper and grow remotely. It requires and demands a personal touch that circumstances would not allow.

We have used this time to examine what we have done, what we can do and how we can be better. That is the road which we now travel as we grow, improve and become more proficient in service to our community.

**“Don’t hesitate. Don’t wait. Don’t aspire. Achieve.”** -Amanda Gorman, Poet

Phil Temple, Board Chair

**As we began** the last fiscal year in July, 2022, we were hopeful for ‘recovery,’ already in the midst of ‘rebuilding,’ and desperate to ‘reconnect.’ As a global community we may still be measuring distances and risk factors for years to come. But for a neighborhood group who measures outcomes in terms of bringing ‘neighbor to neighbor,’ coming together once again in shared work and purpose has rekindled this mission.

As you review the following pages, please pay special attention to the photographs full of smiling faces (many unmasked!) - and the many names of all whose support has been crucial to our work.

Along with the remarkable and dedicated SSJNN staff, I am excited to share the following stories with you—our strength and our supporters, through whose generosity and shared faith these stories are made possible.

With your help the SSJNN staff are making a difference and we look forward to tackling the deep needs that remain.

Heather Caspar, Executive Director

# Basic Needs and Assistance

**As our neighbors** continue to rebuild from the pandemic, our emergency assistance services were a critical support for many. We assisted over 600 neighbors with food pantry items, household, hygiene, and baby supplies. Additionally, our weekly Monday soup kitchen at St. Paul’s continued with take-out style hot dinners, serving over 4,800 meals this year. Generous winter clothes donations including coats, gloves, scarves, and hats were distributed to over 60 families.

## 2021-2022 Board of Directors

- |   |                        |

# Activities for Youth

**Youth participated** in programming in unique ways, completing activities remotely with the help of tablets and art package home deliveries. Outdoor activities such as art in the park and a movie night provided children with COVID-safe activities to socialize and express themselves. Our young artists displayed their work at the Episcopal Cathedral of Saint Paul for a Youth Art Salon with various partner agencies.

# Bike Programs

**We distributed a tremendous total** of 226 bikes this year! We typically average around 80 bikes per year, but our faithful staff and bike volunteers met the needs of our community on a new level. These bikes serve as a lifeline for our neighbors, many of whom are New Americans and without transportation. Each donated bikes requires around 8-12 hours to be sufficiently repaired, taking our total bike volunteer hours to 1,205!

# Community Engagement

**Have you seen our parklet yet?** Our new mobile meeting place rolled into the neighborhood this year, creating endless opportunities for us to meet community members where they are – in front of businesses, at parks, and on the street. We reconnected using the parklet at events like National Night Out as well as held a COVID-19 vaccination clinic at our weekly farmers market.

# Community Gardens

**Eight gardens** were kept up by our neighbors, teens, and volunteers as places for produce, peace, people in the neighborhood, passersby, and more. The beautiful and bountiful spots include two orchards, one urban farm, and five dedicated for folks and families to grow their own fresh food. An amazing 60+ varieties of fruits and vegetables were grown in our community gardens this year.

# Little Italy Farmers Market

Something magical happens every Monday from June – September with our teens and many other local farms selling the most affordable and freshest produce in town! This year the market completed its 10th year, drew more than 4,000 shoppers, and graciously matched more than \$10,000 in senior produce vouchers and SNAP thanks to partners Highmark Health, Marquette Savings Bank, Erie Insurance, and Northwest Savings Bank.

# Youth Work Experience

Thirteen dedicated teens were part of the season, and more than half of them went on to secure other jobs upon program completion. With the mentorship of our seven wonderful volunteer garden coaches, each teen completed at minimum 100 hours of work - completing restaurant orders, maintenance, and more. This brought them immense growth in self-esteem and soft skills along with enriching field trips across the county.

# Housing and Home Ownership

**Our staff, community partners, and volunteers** completed the renovations on 5 affordable housing units and began work on an additional 3 units. We worked together with Erie DAWN to remodel a single-family home for their rapid rehousing program. Another key partnership with the Maleno Family-to-Family Fund helped a neighborhood family with essential home repairs. And best of all, one family from the Genesis program graduated and purchased their first home!

# Neighborhood Revitalization

**We completed** a total of 16 home and façade improvement projects with partners like Europa Delicatessen on Federal Hill and Odessa’s Place in Little Italy. We reconnected with neighbors through 30 community painting sessions to complete the stunning new mural on Odessa’s Place, led and designed by artist and educator Dr. Natalia Pilato. Also, we assisted 4 local businesses and non-profits in installing security camera systems and planted dozens of trees on Parade Street.

# Parks and Greenspace

**This year of recovery** brought us a special celebration honoring the three Sisters of St. Joseph without whom SSJNN as we know it would simply not exist. Bringing a bold presence to West 19th Street, **Three Sisters Park** was dedicated and opened for the community in the fall. Our additional parks and greenspaces were cleaned up, cut, emblazoned with art, events and more by countless service groups, our neighbors, volunteers, and youth workers!

# Thank You, Volunteers!

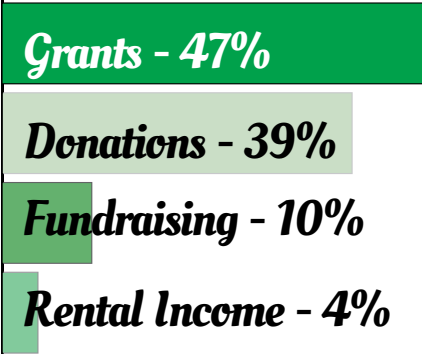

**Without you**, none of this would be possible! We are endlessly grateful for the commitment, generosity, and kindness our volunteers bring to SSJNN. Over 200 volunteers served a total of 5,606 hours this year! From our weekly volunteers to our one-off service groups, we applaud you for your service to our organization, our neighbors, and our city. Together, we recover, rebuild, and reconnect!

# Financial Review

**Total Income \$894,558**

Grants, corporate contributions, private gifts from generous donors, in-kind donations, and 4,582 hours contributed by more than 200 volunteers helped us to rebuild and reconnect.

**Total Expense \$ 867,084**

# Thank You to our Major Grant Partners

The 2021-2022 Fiscal Year brought a close to one, 6-year grant cycle with our largest funding partner, the **Pennsylvania Department of Community and Economic Development**, through their Neighborhood Assistance Program (NAP) tax credits. Our local partners have kept their tax dollars close to home, working through SSJNN to improve our neighborhoods. Additionally, we couldn't accomplish the work we do without these other, local, power-houses in funding, who have each contributed between \$50,000 and \$150,000 in support of our mission. **On behalf of SSJNN Board, Staff, and our Neighbors, Thank You!**
